

U.S. ENVIRONMENTAL PROTECTION AGENCY  
 Office of Pesticide Programs  
 Registration Division (7505P)  
 1200 Pennsylvania Ave., N.W.  
 Washington, D.C. 20460

EPA Reg. Number:

79894-6

Date of Issuance:

10/25/2019

NOTICE OF PESTICIDE:

Registration  
 Reregistration  
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

Insect-O-Clean

Name and Address of Registrant (include ZIP Code):

Mr. Kevin Kutcel  
 Agent for Pharma+ Vet, Inc.  
 c/o KRK Consulting, LLC  
 5807 Churchill Way  
 Medina, OH 44256

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Date:

10/25/2019

For:  
 Marion J. Johnson, Jr., Acting Product Manager 10  
 Invertebrate & Vertebrate Branch 2  
 Registration Division (7505P)

2. You are required to comply with the data requirements described in the Generic DCI identified below:

- a. D-Limonene GDCI-179701-1510

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division:

<http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. Be aware that proposed data requirements have been identified in a Work Plan. For more information on these proposed data requirements, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: [http://www.epa.gov/oppsrrd1/contacts\\_prd.htm](http://www.epa.gov/oppsrrd1/contacts_prd.htm)
4. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 79894-6.”
5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSF:

- Basic CSF dated 09/04/2018

If you have any questions, please contact Mr. Carmen J. Rodia, Jr. by phone at (703) 306-0327, or via email at [Rodia.Carmen@epa.gov](mailto:Rodia.Carmen@epa.gov).

Enclosures: *Master Label Stamped “Accepted,” dated 10/25/2019*  
*Product Chemistry Review, dated 10/17/2019*

{Text in braces { } will not appear on the final label.}

{Text in brackets [ ] is optional and may or may not appear on the final label.}

## Insect-O-Clean

- All Purpose Cleaner
  - Insect Killer

**FIRST AID**

**If in eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Have the product container or label with you when calling a poison control center or doctor or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents), you may call the Poison Control at 1-800-222-1222 (U.S.), 24 hours per day, 7 days per week.

**ENVIRONMENTAL HAZARDS**

This product may be hazardous to aquatic invertebrates. Do not apply directly to water.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not mix or allow this product to come into contact with an oxidizing agent. Hazardous chemical reaction may occur.

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

### USE RESTRICTIONS

- Apply this product only as specified on this EPA approved label.
- Do not contaminate food or feedstuffs.
- When used indoors as a crack and crevice or surface spray application, remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use.
- When used in indoor food handling/processing facilities, do not apply this product when the facility is in operation. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces, or wash them before use.
- Remove pets, birds and cover fish aquariums before application.
- For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

Shake well before each use. Test for staining in an inconspicuous area

### INDOOR USE

Spray from 8" to 12" directly on ants (excluding Carpenter, Fire, Harvester, Pharaoh), non-biting gnats, silverfish. Saturate area until visibly wet. Use stream setting for penetrating cracks and crevices. Spray in kitchens, pantries, and under cabinets and appliances; anywhere listed insects hide. Wait three minutes, then wipe excess with damp sponge or cloth.

### OUTDOOR USE

Spray perimeter of home generously to make a barrier of protection. Spray doorways, window frames, cracks anywhere a listed insect can enter. Saturate until visibly wet. Saturate areas of trails or nests. Spray garbage cans, manure piles or any infested areas until visibly wet.

## GENERAL CLEANING AND DEODORIZING DIRECTIONS

**TO CLEAN AND DEODORIZE:** Use **Insect-O-Clean** to clean and deodorize surfaces.

**Cleaning Directions:** Use **Insect-O-Clean** for cleaning of kitchen counters, tables, walls, counter tops, bathrooms, toilet seats, mopping floors and large routine applications. Apply using a cloth sponge or sprayer, wait three minutes, and then wipe excess with damp sponge or cloth, or allow to air dry.

For automotive use, **Insect-O-Clean** will clean brake pads, tires and rims. Apply using a sprayer, wait three minutes, and then wipe excess with a damp sponge or cloth.

### **Deodorizing Directions:**

**Nursing Homes, Hotels, Schools, Restaurants:** Use **Insect-O-Clean** in toilets, waste receptacles, bed pans, drainage bottles, diaper pails, hampers, disposals, commodes and air conditioner pans to eliminate odors. Apply using a cloth, sponge or sprayer, wait three minutes, and then wipe excess with a damp sponge or cloth, or allow to air dry.

**Air Freshener Use:** **Insect-O-Clean** will effectively neutralize damp musty odors caused by mildew in storage areas, basements, closets and bathrooms. Apply using sprayer, wait three minutes, and then wipe excess with a damp sponge or cloth, or allow to air dry.

**Carpets:** Use **Insect-O-Clean** with shampoo solution eliminates odors associated with urine, vomit, smoke, and mildew, and let air dry. Reapply after cleaning for freshening effects.

**Pet Odors:** Use **Insect-O-Clean** for urine, feces, and vomit, on sofas, upholstered chairs, carpet and upholstery. Clean prior to application then spray onto affected areas. Test hidden area for colorfastness. Allow 10 minutes contact time. Then blot with a clean cloth and allow to air dry. Also effective on pet bedding and in litter boxes.

## **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Keep this product in its tightly closed original container. Store in a cool, dry (preferably locked) area that is away from water, other pesticides, fertilizers, food, or feed, in a place that is inaccessible to children and animals.

**Container Handling:** Nonrefillable container. Do not reuse or refill this container. If empty: Offer for recycling if available or dispose of in a sanitary landfill or by other procedures allowed by state and local authorities. If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

*{Alternate language: containers greater than 5 gallons}*

## **STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**Pesticide Storage:** Keep this product in its tightly closed original container. Store in a cool, dry (preferably locked) area that is away from water, other pesticides, fertilizers, food, or feed, in a place that is inaccessible to children and animals.

**Pesticide Disposal:** Pesticide or rinse waters that cannot be used according to label instructions must be disposed of according to applicable Federal, State or local procedures under the Resource Conservation and Recovery Act. Wastes resulting from the use of the product may be disposed on site or at an approved waste disposal facility.

**Container Handling:** Nonrefillable container. Do not reuse or refill this container. Clean container promptly after emptying. Triple rinse (or equivalent) as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container  $\frac{1}{4}$  full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available or dispose of in a sanitary landfill or by other procedures allowed by state and local authorities.
